	2016	Fellow of the Faculty of Expert Witnesses

EXPERIENCE

I have spent 29 Years working as a medical practitioner in Obstetrics and Gynaecology practice. For 19 years I worked as a Consultant Obstetrician and Gynaecologist with a special interest in emergency gynaecology care, laparoscopic and major gynaecological surgery and gynaecological cancer care. During this time, I was lead clinician for Gynaecological cancer and colposcopy, I was an appraiser for Consultant Medical Staff at the Trust, I carried out internal investigations of clinical incidents at the Trust and I was an Educational Supervisor for senior doctors in training. For 4 years, I worked as the Clinical Director for the Obstetrics and Gynaecology Division and was the Obstetric and Gynaecological Governance Lead. I have recently left NHS employment and work full time as a Consultant Gynaecologist in the private medical sector and carry out NHS contract work in gynaecology along with medicolegal practice. I am an honorary Clinical Lecturer at the University of Manchester.

MEDICO-LEGAL PROFILE

Fellow of Faculty of Expert Witnesses August 2017.

Experience:

I have been completing medicolegal reports for the last 10 years and commenced clinical negligence reports 7 years ago.

In the last 12 months I have completed 46 reports.

I have experience of completing joint statements with the other party.

I have attended court trial on one occasion in the last 10 years.

Ratio of Work: Claimant 75% / Defendant 25%

Willing to undertake:

Clinical Negligence cases including “liability & causation report”, “condition and prognosis report” and “pathfinder/desktop reports on potential cases”.

Personal Injury cases related to Obstetrics & Gynaecology.

Turn-around times are short. Appointment (if required) offered within 10 working days of receiving ‘letter of instruction’. Reports returned within 4 weeks of receiving letter of instruction, all necessary medical records and necessary documents.

Examination appointments, if required, are held in the pleasant surroundings of a private healthcare consulting suite which is conveniently located less than 10 minutes from the motorway system around Manchester.

Also, now able to offer video consultations for remote examinations in some cases without the need of the client to travel to Manchester in person.
