IMPACT

The Federation of Forensic & Expert Witnesses is proud to recognise Dr Khalid Master with its Dentist of the Year Award 2026–2027. This distinction reflects outstanding professional achievement, an unwavering commitment to patient-centred care and a career marked by continuous development, innovation and leadership within dentistry.

Following a detailed review of his professional background, FFEW believes Dr Master represents the high standard of excellence the Federation seeks to celebrate. His career combines advanced clinical knowledge, exceptional attention to detail, calm and gentle patient care, and a sustained commitment to education and mentoring.

For FFEW, this award also recognises the power of professional reputation. Dr Master has built a profile that extends beyond routine clinical dentistry, earning admiration for the quality of his patient care, the breadth of his expertise and the remarkable growth of Bank View Smile Studios under his leadership.

EXCELLENCE IN DENTAL EXPERTISE BUILDS BRIGHTER FUTURES

WHY FFEW SELECTED DR KHALID MASTER

Recognising clinical excellence, calm and gentle care, and a career defined by continuous development.

FFEW
DENTIST OF THE YEAR
Award for Excellence in Dental Expert & Professional Services
2026–2027

The Federation of Forensic & Expert Witnesses is fortunate to work with some of the United Kingdom's most respected dental and dento-legal experts. However, the FFEW Awards Programme deliberately looks beyond its existing membership in order to recognise excellence wherever it is found.

It was through this wider search that Dr Khalid Master came to our attention. His career reflects the exact blend of clinical quality, professional ambition and patient-centred care that the Federation seeks to celebrate.

Dr Master graduated from Liverpool University Dental School in July 2000 with distinction and began his professional journey serving patients in Accrington, Lancashire. Over the course of more than two decades in dentistry, he has built a reputation for meticulous clinical standards, calm and gentle care, and an unwavering commitment to lifelong learning.

What particularly impressed the Federation was the depth of his professional development. His published profile records more than 1,500 hours of postgraduate study overall, including more than 1,000 hours in the last five years alone. He also holds a Postgraduate Diploma in Orthodontics, awarded with distinction. In addition, his broader expertise spans areas including orthodontics, implantology, periodontology, prosthodontics, endodontics and cosmetic dentistry.

For FFEW, this breadth matters. It demonstrates a dentist who has never stood still, but who has continually invested in his skills in order to provide patients with comprehensive, modern and ethically grounded care. Just as importantly, his approach is built around reassuring anxious patients and delivering treatment in a calm and gentle environment, a quality that has become central to his professional identity.

> *"For FFEW, excellence in dentistry is measured not only by technical skill, but by the ability to combine expertise, compassion and consistency over time."*

LEADERSHIP, RECOGNITION & WIDER INFLUENCE

Why this multi-award-winning dentist stands out to the Federation.

EXCELLENCE IN DENTAL EXPERTISE BUILDS BRIGHTER FUTURES

The Federation was equally impressed by the scale of Dr Master's wider contribution to dentistry. Since taking over Bank View Smile Studios as Co-Owner and Clinical Director in 2010, he has helped guide the practice to more than 30 dental, business and charity awards. Among the most notable are Best Dental Practice UK, Best Dental Team and multiple UK Best Dentist recognitions.

Bank View Smile Studios has also built a reputation for quality systems and patient trust. Its published profile highlights sixteen consecutive years of BDA Good Practice accreditation and the achievement of Investors in People Gold, distinctions that further reinforce a culture of professionalism and continual improvement.

Beyond the clinic itself, Dr Master has established a wider public voice. He has contributed to media commentary on dentistry through BBC Radio, Manchester Radio and Sky TV, while also taking an active role in public education around oral hygiene and disease prevention.

The Federation was also struck by his commitment to mentoring the next generation. Published material credits him with helping and guiding more than 260 students, many from minority backgrounds, towards careers in dentistry. Alongside this, he serves as Chairman and Founding Trustee of the Abu Hanifah Foundation, supporting educational and youth-development work that impacts large numbers of families and young people each week.

For FFEW, these achievements reveal much more than a talented clinician. They reflect transformational leadership, community impact, educational generosity and a career whose influence extends far beyond the surgery. That is why we are proud to recognise Dr Khalid Master as an FFEW award winner for 2026–2027.
