PROFILE

Masters graduate who has been involved in the field for over 3 years. After graduating I completed a 2 year traineeship with Forensic Handwriting and Document Investigation (FHDI) and have worked there ever since. This traineeship involved mentoring and working on cases alongside Kathryn Thorndycraft-Pope, a fully certified Document Examiner who has been active in the field for over 28 years. I have built experience in all aspects of Document Examination and have also gained experience in using scientific equipment and methods such as the Electro Static Detection Apparatus (ESDA), Video Spectral Comparator (VSC), Thin Layer Chromatography (TLC) and MiScope in the examination of documents.
