- * We are affiliated to New Law Associates Ltd (tyre specialists)

D&HB Associates Ltd are a team of 5 former highly trained Police Officers who between us served for a total of over 100 years on the Police Traffic Division.

Our consultants are recognised 'Experts' in the field of Accident Reconstruction being members of various organisations including the Institute of Traffic Accident Investigators and the Expert Witness Institute.

Having now retired, we specialise in preparing reports for the Court in all Criminal Cases from Speeding through to the most serious offence of Causing Death by Dangerous Driving and the new offence of Causing Death by Careless Driving.

We also prepare reports in Civil Cases for Solicitors and Insurance Companies, being fully conversant with our duties under the Civil Procedure Rules. We work for both Claimant and Defendant and as a Single Joint Expert.

As a team, we not only specialise in accidents, but all incidents where a driver has been charged with motoring offences.

Our expertise covers all motor vehicles, cars, motorcycles, goods vehicles and buses, all our consultants not only holding licences to drive all vehicles, but they are also 'Police Advanced Drivers' trained to the highest possible level.

Whilst preparing reports for accidents which involve all types of vehicles, in particular we specialise in motorcycle accidents and accidents involving emergency response vehicles, police, fire and ambulance.

We also examine all stolen/suspect stolen motor vehicles as to their true identity.

If you want an 'Expert' to provide a report, be it for criminal or civil proceedings look no further. D&HB Associates will provide you with a report which will be honest and true. We will point out the bad points as well as the good!

As a company we provide reports in well over 200 cases per year. We have no limits as to where we travel. Not only do we work throughout the UK and Ireland, but also most of Europe, the Caribbean and the Far East.

Should you require and further information, please do not hesitate to contact us. We do not charge for an initial consultation. References from solicitors and barristers can be sent on request.
