Clinical Lecturer, University and Royal Infirmary of Edinburgh 2007 - 2009

Specialist clinical interests

My specialist clinical interest is surgery of the pancreas, liver, gallbladder and biliary tree, in particular laparoscopic liver,

pancreatic and biliary surgery. I look after patients with benign and malignant disease. My clinical activities include

laparoscopic cholecystectomy, bile duct exploration, splenectomy, laparoscopic liver and pancreatic surgery and

management of complex biliary injuries. I am trained in endoscopic retrograde

cholangiopancreatography (ERCP). In

addition, I undertake emergency general surgery and day case surgery, including hernia repair procedures.

I have published widely in peer-reviewed medical journals and textbooks, particularly in the area of hepatobiliary and

pancreatic disease.

Medicolegal work

I prepare approximately 50 medicolegal reports per year. 60% claimant, 40% defence. I have attended Core and

advance clinical negligence training sessions provided by Premex and Bond Solon. I have completed the CertMR course.

I am listed in the Register of Expert Witnesses and the Expert Witness Directory, I am a vetted 1st tier APIL expert and a member of the Expert Witness Institute.
