FACULTY POSITIONS

Trainer and Assessor for the Laparoscopic Courses – Royal College of Surgeons of England

Examiner (undergraduate MBBS)– University College Medical School

Doctorate in Medicine & Masters Degree Examiner: University of Leeds & University of Manchester

Leeds Institute of Minimally Invasive Surgery Faculty (1999 – 2008)

Faculty – Royal College of Surgeons of England

OPERATIVE EXPERIENCE – Accredited major interest

Complex Benign & Malignant Upper GI Surgery

- Laparoscopic anti-reflux surgery
- Laparoscopic hiatal hernia & complex Para-oesophageal hernia surgery
- Laparoscopic Hellers' myotomy
- Gastroparesis surgery - pacemakers
- Laparoscopic distal, subtotal & total gastrectomy
- Radical D2 gastrectomy
- Endoscopy
- Oesophagectomy

Bariatric Surgery (Laparoscopic and)pen)

- Gastric banding (20%)

- Sleeve gastrectomy (70%)
- Gastric bypass (10%)

Undertake 120+ bariatric procedures per year in the NHS and Private healthcare sector.

I have been trained in both open and laparoscopic bariatric procedures in high volume centres since 2000.

In 2010 I was appointed an honorary contract with the North London Obesity Surgery Service based at the Whittington Hospital, North London.

HPB Surgery

- Pancreaticoduodenectomy (Open and Laparoscopic) > 300
- Distal pancreatectomy (incl. Laparoscopic spleen preserving) > 100
- Central pancreatectomy (open and laparoscopic)
- Duodenal Preserving Resections - Peustow, Frey, Begers for Chronic Pancreatitis
- Total pancreatectomy
- Duodenal Resections

I have an interest in locally advanced pancreatic cancer and performed portal vein / SMV reconstructions using cadaveric and autologous vein grafts.

- Pancreatic necrosectomy (minimally invasive approaches)
- Laparoscopic approaches to management of pancreatic pseudocysts
- Anatomical liver resections
- Laparoscopic CBD exploration
- Laparoscopic extrahepatic bile duct excision
- Laparoscopic cholecystectomy
- Single Incision Laparoscopic (SILS) cholecystectomy
- Liver & Pancreatic Trauma

- Splenectomy (Laparoscopic)

I have been performing laparoscopic HPB surgery since 2008. I have the largest series for laparoscopic distal pancreatectomy and spleen preserving pancreatectomy in the UK. The overall fistula rate (A, B, and C) is below 10%.

General Surgery

- Laparoscopic colonic resections
- Laparoscopic hernia repair (inguinal, incisional)
- All Emergency Surgery procedures
- Incisional Hernia Repair and Abdominal Wall Reconstruction

AWARDS AND PRIZES

May 2016	QI International Award for work as an Expert Witness
Feb. 2007	Hunterian Professorship, Royal College of Surgeons of England <i>The Genetic Basis of Severe Acute Pancreatitis: An insight into glutathione pharmacokinetics</i>
July 2005	Astra Zeneca Emerging Leaders in Gastroenterology Research, Sweden <i>Forum set-up by the International Steering Committee in Gastrointestinal Research to assist the scientific development of the top 50 international young clinician – scientists</i>
Nov. 2002	Lord Smith Medal: Pancreatic Society of Great Britain and Ireland <i>Intestinal hypoperfusion contributes to gut barrier failure in severe AP</i>
Nov. 2002	North of England Gastroenterology Society & Midland Gastroenterology Society Prize
Oct. 2001	Pancreatic Society of Great Britain and Ireland Travel Award (£300) <i>International Association of Pancreatology meeting, Chicago, USA</i>

- Oct. 2001 American Pancreatic Association Travel Award
American Pancreatic Association meeting, Chicago, USA
- Oct. 2001 Poster Prize: Pancreatic Society of Great Britain and Ireland
- June 2001 Pfizer Academic Global Travel Award (*BMJ* Aug 2001)
National award for scientific research – The genetic basis of pancreatic inflammation.
- June 2001 North of England Gastroenterology Society Prize (£500)
- Nov. 2000 International Association of Pancreatology Travel Award (\$500)
Presentation at the combined meeting of the International Association of Pancreatology and the American Pancreatic Association, Chicago Nov. 2000
- Nov. 2000 Pancreatic Society of Great Britain and Ireland Travel Award (£500)
Presentation at the American Pancreatic Association, Chicago Nov. 2000

RESEARCH GRANTS

- Dec. 1999 Intensive Care Society (UK) Grant £15,000
Principal applicant: Investigating the role of antioxidant enzyme gene polymorphisms in susceptibility to severe acute pancreatitis
- Aug. 2001 Wolfson Award
The role of COX-2 in benign pancreatic disease: An investigation into the pathogenesis of pancreatic cancer from CP and the association of COX-2 with PanIN lesions
- Sept. 2005 British Journal of Surgery Research Bursary
Differential analysis of bile acid cytotoxicity in acute pancreatitis
- Dec. 2005 Peel Medical Trust
Differential analysis of bile acid cytotoxicity in acute pancreatitis
- June 2006 Pancreatic Society Great Britain & Ireland
The role of angiopoietins in pancreatic cancer

- May 2008 Pump Priming Grant - Royal College of Surgeons of England
Tailor making therapy for pancreatic adenocarcinoma - Predicting response to Gemcitabine through transcriptional analysis of peripheral mononuclear cells
- July 2009 Pancreatic Society of Great Britain & Ireland Grant
Tailor making therapy for pancreatic adenocarcinoma - Predicting response to Gemcitabine through transcriptional analysis of peripheral mononuclear cells

TEACHING AND RESEARCH ACTIVITY

- 2000 – 2005 Assisted in the implementation and co-ordination of Year 2, 3 and 5 student modules in surgery, University of Leeds
- Examiner for Year 3 OSCE clinical examinations, University of Leeds
- Surgical Tutor to 3rd Year Undergraduate Medical Students – involving regular weekly bed side teaching, lectures, and case-based discussion.
- Supervisor for intercalating students in Clinical Sciences (BSc) involving laboratory based work, lecturing on research philosophy, and clinical supervision.
- Co-ordinator of Year 2 undergraduate medical student attachments in Surgery, St. James's University Hospital, Leeds - implementation of gastroenterology module, ward based and didactic teaching, and case-based discussion.
- 2002 – 2008 Faculty, Leeds Institute of Minimally Invasive Therapy (LIMIT)
- Tutor for Basic and Intermediate Laparoscopic Courses*
- Lecturer on Acute Pancreatitis for *MMedSci* taught course for anaesthetists

Tutor for Basic Surgical Skills (LIMIT and Yorkshire School of Surgery)

Examiner Years 3 and 5 undergraduate medical students in surgery

Organisation and implementation of year 3 undergraduate placements within the Academic Unit of Surgery

Assessor of Year 5 undergraduate Special Study Modules in General Surgery

Joint supervisor of PhD student (Biochemical Science), University of Bradford

2008 – Present Trust Training Director in General Surgery, HPB and Transplantation

Hon. Senior Clinical Lecturer – University College London Faculty – London School of Surgery

Examiner – University College London Medical School

Faculty – Royal College of Surgeons of England

Basic & Intermediate Laparoscopic Surgery Course

MEDICO-LEGAL & CLINICAL NEGLIGENCE

2010 – Present Expert Witness & Lecturer

I work for the General Medical Council (UK) as an expert. I also provide reports for all the major medical indemnity unions (MDU, MDDUS etc). In addition, I undertake contract work with all the major law firms involved with Clinical Negligence in UK and Internationally. Approximately 70 – 100 cases per year.

Areas of interest: Bile duct injury (cholecystectomy etc.), Emergency Surgery, Upper GI tract (anti-reflux, gastric, achalasia, endoscopy), Bariatric (weight loss surgery - gastric bands, sleeve gastrectomy, gastric bypass), Hepatobiliary and Pancreatic

surgery / disease, Laparoscopic (key-hole surgery), and General surgery (hernias, lumps and bumps, appendicectomy).
